

**OUR LADY  
OF THE SOUTHERN  
CROSS COLLEGE**

*become a part of something special*

*Are you a graduate or experienced teacher?*

*Where work and lifestyle are filled with new and diverse adventures.*

**At Our Lady of the Southern Cross College, Dalby, we pride ourselves on being a Prep to Year 12 Catholic college that nurtures its students to pursue personal excellence in all aspects of their development: spiritual, academic, social, cultural, and physical.**

With a comprehensive curriculum and co-curricular program we engage individuals to pursue their diverse interests, personalise their learning and extend them to reach their potential.

Whilst there are many reasons why students succeed in our College, the most important of these is our staff.

After the family, we believe that the teacher is the most influential person in the lives of students whilst they are at school. Our staff fully appreciate the life-changing power of education and have a passion for learning that sees them continually renewing their own skills and knowledge.

If you are looking for career opportunities that focus on your personal and professional growth – we have a place for you! Our Lady of the Southern Cross College can provide the ideal environment to kickstart or hasten your career aspirations. We will help you to learn quickly, develop your skills, and see your career enriched through a range of diverse experiences.

*Are you a specialist?*

Specialists strengthen and support our focus on teaching and learning. If you have expertise in a particular discipline, we are often looking for learning and curriculum specialists. Positions also exist for Career Development Practitioners, Guidance Counsellors and Learning Support Teachers.

*Are you an aspiring or experienced leader?*

As a vibrant and expanding P-12 college we are looking for leaders who can engage the whole school community in shaping future strategic development and have successfully led staff and students to achieve academic excellence.

For a regional town Dalby packs a big city punch when it comes to art, culture, and heritage. Located just over 80 kilometres from Toowoomba and 200 kilometres from Brisbane, it is a gateway to the Western Downs.

Whilst the Western Downs is best known for its agricultural scene, beyond the farm gates you'll find history, food and wine, adventure and natural beauty await.

Explore the extensive walking trails and panoramic views at the Bunya Mountains, the seasonal produce from local farms, markets and country pubs and the food and wine tours on offer across the region.

If you are looking for adventure activities you won't be disappointed; mountain biking, hiking ancient boulders, water sports and fishing are but a few. There are camping and picnic spots a plenty; perfect for you to appreciate the wildlife and wildflowers of the region.

See the streets, showgrounds, or racetrack come to life at one of Dalby's events or venture out of town to a community event - the calendar is packed with local events and festivals. From cultural to quirky, you'll find it all!
