

Are you Year 4's new teacher?

AN INTEGRAL PART OF THE ST GEORGE COMMUNITY

St Patrick's School is located in St George – a country town, with a big heart, on the banks of the picturesque Balonne River.

St Pat's, as it is affectionately known, has been an integral part of this community since 1933, creating family connections and community through the generations.

With over 140 students from Prep to Year 6 and 22 staff, St Pat's is a place where everyone is known and through personalised learning they are enabled to flourish.

With specialists in PE and the Arts, and teacher aides and a Middle Leader to work alongside teachers in their curriculum design, planning and delivery – St Pat's boasts a well-supported and professional teaching and learning team.

JOIN THE TEAM

All 19 students in our Year 4 class are keen to meet their new teacher from Semester 2, 2022.

They are a vibrant and inquisitive class who enjoy working together and learning through exploration and enquiry.

This term they have enjoyed learning about natural processes, such as weathering, and demonstrated this learning with some great examples made in our school sand pit!

Above all they are great country kids who love to share stories about their lives in and around St George.

If you are teacher who is new to the profession looking for a strong start to your career or are more experienced and looking for an opportunity to join a motivated and forward thinking team – we would like to hear from you!

ABOUT OUR SCHOOL

Well-resourced and modern

Set on beautifully landscaped grounds, with ample open space for students to learn, play and explore – opportunities abound.

Access to the latest technology – laptops and interactive whiteboards – enables teachers to bring the world to their students and for students to see themselves as global citizens.

St Pat's also features a well resourced library, contemporary teaching and learning resources for all KLAs and a large undercover sports court.

Opportunities for growth and career enhancement

- a strong induction program, led by the principal
- ongoing professional conversations and collaborative planning with an experienced Middle Leader
- access to tailored professional development through Toowoomba Catholic Schools Office
- opportunities to lead teaching and learning projects, take on additional responsibilities and create innovative extra-curricular opportunities – these are open to early career and more experienced teachers

ABOUT OUR TOWN

You will feel welcome with lots to see and do in the local area

The St George community love to welcome new people to their community. With sport, history, nature, outdoor pursuits and cultural events abounding across the local area – you are spoilt for choice.

With invitations a plenty, becoming a part of the St George community is easy!

To see more of what you could experience with the St George region website and the Queensland tourism site.

WORKING FOR TOOWOOMBA CATHOLIC SCHOOLS

- joining one of the region's largest employers
- access to specialist support and networking opportunities with other schools
- accommodation and relocation options
- additional incentive and benefit payments
