

# Support **2** Succeed Program 2026

**Start your teaching career with confidence, connection and support.**

We know that beginning your teaching career is exciting, and yet it can also be challenging.

**Support to Succeed (S2S)** is a diocesan-wide program designed to help **graduate teachers** thrive in their first year, with the guidance, mentoring and professional learning you deserve.

## You won't be on your own.

Your first year matters. With S2S, you'll be supported by:

- a **dedicated mentor** assigned to each early career teacher (ECT)
- a **clear, structured pathway** for your first year
- a **network** of other graduate teachers across the diocese
- **additional release time** to support ECTs and mentors
- a **learning platform** with sequenced modules and resources.

You'll build confidence knowing support is there every step of the way.

## Learn what matters, when it matters.

S2S offers a **self-paced online learning platform** with practical modules designed specifically for first-year teachers, sequenced so you're not overwhelmed. Topics included are designed to connect directly to your classroom practice.

## Mentoring that helps you grow.

You'll work alongside an experienced teacher who can support you with planning, teaching observations and feedback, modelling, wellbeing and workload support. They will be there to help you reflect, refine and grow as a professional. This is mentoring focused on **learning, growth and encouragement**.
